

NxLink Software 2.0.0

General Remarks:

NxLink Software Version 2.0.0 is a Software update suitable for all NxLink SB800 EX (UB121) products.

Note: NxLink SB72-EX (UB63) products will not support NxLink SW 2.0.0 or any future version due to SB72-EX being end-of-life. To obtain an SB800 EX (UB121) and NxLink SW 2.0.0, please contact Nautel Customer Service.

You can download NxLink Series Software Version 2.0.0 [here](#).

New Features:

- SB800 EX products are now supported.

Removed / Retired Features:

- SB72-EX products are no longer supported.
